VERTYCALIA

Give Me Your Walls I'll Give You Artwork

ATELIER

The philosophy of Alchymia is briefly explained in the word Decoration, explored in all its forms during the last fifty years of research, experience and accomplishments of the founder Lucio Doro, joined by his sons as an authentic art family where everyone brings their excellence.

The workshop and the projects in progress clearly show Alchymia genuine values: an art story, a compelling and engaging manner, a decorative design service aimed to the domestic market but especially to the international one, acting as proactive partner for interior designers and architectural firms.

Located in Milan city center, our Atelier offers collaborative availability, design and tailor-made skills to meet the highest expectations of an increasingly demanding market.

ALCHYMIA

VERTYCALIA

VERTYCALIA are masterpieces of decorative art, created to enhance the vertical surfaces of private residences or social spaces by decorating and styling them, transforming them into a masterpiece of decorative art.

The decoration of vertical surfaces is the main core of the company that, over time, has developed proposals that go beyond the traditional themes, witnessing the great artistic flexibility of Alchymia.

With the VERTYCALIA collection, Alchymia creates large and impressive art walls where different feelings merge to give rise to something new, ranging from classical subjects to abstract and eclectic taste, till the ever fascinating floral décor.

VERTYCALIA is a high quality collection devoted to put decorative arts on walls, like great luxury with the unique Alchymia signature.

FOREST RAIN

Decorative wall composed of a background panel in mother of pearl resin with handmade decoration in relief and bronzed liquid metal finishing.

RIVER WHITE

Decorative wall with tridimensional effect, LED lighting system integrated into the composition, matt white lacquered finishing.
